**Section B.
GENERAL PROVISIONS**

...

16. Swimming, boating, jet skiing, paddle-boarding, or in any way entering into or being on top of any retention/detention pond, lake, or other body of water within the Districts shall be prohibited. These bodies of water are subject to, among other legal restrictions, conservation easements to protect the natural habitat for plants and wildlife, including alligators, which are known to cause serious bodily injury and death. This rule shall not apply to the Districts' employees, contractors, or other authorized individuals when servicing the retention/detention ponds, lakes, or other bodies of water within the Districts.
